Why choose Gateway Christian School?

- God's Word is taught. God's word is the foundation for all other texts (The truth of God's Word is interwoven into each subject - in math, science, social studies, etc.) All learning is taught from a Christian worldview. Teachers use the 'Teaching for Transformation' unit planning model.
- God commands parents to plant and nurture His Word in the hearts & minds of their children. This is best done when home, church and school work together and send the same consistent message.
- Gateway Christian School shares your Christian values – we are an extension of family & church.
- God is glorified in everything we do. Jesus Christ is Lord of all!
- Everyone can talk freely about their personal relationship with God.
- High Academic Standards.
- Gateway Christian School's teachers, administration, and support staff love the Lord. Teachers are among the most influential role models for your children. There is a strong sense of Christian community amongst students, staff and parents.
- Accountability to God and each other.

Worship Time: Our school community - students, parents/grandparents, and staff come together weekly/biweekly for a special time of 'Worship'. It's a time of fellowship, prayer, worship & song.

High School Lunch: Students & staff get together throughout the year for potluck lunches.

HANDS Service Trip For the past 9 years, our Intercultural Studies class has participated in a HANDS (Help Another Nation Develop Schools) service trip to Nicaragua/ The Dominican Republic. With servant hearts they repair/build a Christian school for underprivileged children.

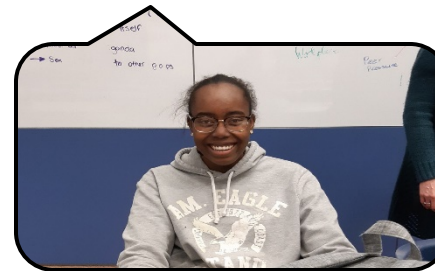

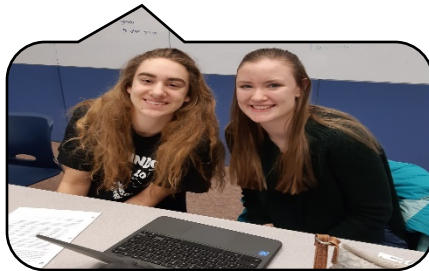

Buddy Program: Students are teamed up with younger students & the relationship fosters friendships, leadership skills, responsibilities & a sense of community.

'Got Your Back' Program: Staff mentor high school students.

Service Learning: It is our desires to have our students live out their lives as followers of Christ 24/7! GCS provides students opportunities to develop servant hearts & hands to make a difference in their schools, homes, city & world.

High School Flex is a daily time block that allows students to have some choice & control over their learning. It's a time to catch up on assignments / projects, have 1 on 1 time with a teacher, do collaborative learning/work with a small group.

High School Redesign: We are transforming the high school experience for teachers & students through Mastery & Flexible Learning, Relevant Curriculum, assessment, Teacher PD & more.
